## MEMORANDUM

**To:** IMU Board of Trustees of the Electric, Water and Communications Utilities  
**From:** Jackie Raffety, City Clerk/Asst. Finance Director  
**Date:** September 26, 2022  
**Subject:** Approval of Minutes of the September 12, 2022 Board Meeting

---

**Recommendation:** Simple motion is in order.

**Attachments:** 1. 09122022 BOT Minutes

**IMU BOARD OF TRUSTEES OF THE ELECTRIC,  
WATER AND COMMUNICATIONS UTILITIES**

September 12, 2022

5:30 PM

City Hall Council Chambers

110 N 1st Street

Minutes

**Call to Order**

The Indianola Municipal Utilities Board of Trustees met in regular session at 6:30 PM on September 12, 2022, in the City Hall Council Chambers. Chairperson Lori Smith called the meeting to order and on roll call the following members were present: Dom Selgrade, Deb White, Lori Smith, Adam Voigts. Absent: Mike Rozga.

**Public Comment**

There were no public comments offered.

**Consent Agenda:**

Chris Longer, Finance and HR Director, provided details on the financial reports. Voigts moved to approve the consent agenda and White seconded it. Question was called for and on voice vote the Chairperson declared the motion approved unanimously. The consent agenda was as follows:

- Approval of Claims
- Approval of the July 2022 Financial Reports
- Approval of Minutes of the prior board meetings

**Electric Utility Action Items**

General Manager Chris Des Planques recommended approval of CMPAA investing in upgrades. The Trustees did not have any concerns and directed Des Planques to vote in favor of the project.

**Electric Utility Informational Items**

Electric Superintendent Mike Metcalf reported a request for proposals on the Turbine 8 repairs will be posted in late October.

**Water Utility Informational Items**

Lou Elbert, Water Superintendent, reported on water main breaks and a drop in the water level at Well 12 in the Jordan Aquifer. A plan will be presented to the Board at a future meeting to lower the well. Elbert also stated that the water main will be laid on the West Boston Avenue project at the end of the week.

**Communications Utility Action Items**

Mike Maloney, D.A. Davidson, presented the fiber financing results and stated the resolutions are the final steps for the Board to complete the financing process. It was noted that TruBank and Peoples Bank are supporting the projects.

Voigts moved to approve Resolution 2022-040 providing for the issuance and securing the payment of future Obligations for the purposes of borrowing money for Indianola Municipal Utilities. Selgrade seconded it. On roll call, the vote was AYES: Selgrade, White, Smith, Voigts. NAYS: None. Whereas the Chairperson declared the motion carried unanimously.

Voigts moved to approve Series Resolution 2022-041 authorizing and approving a Loan Agreement and providing for the issuance of Communications Revenue and Refunding Notes, Series 2022A, and other documents related to the notes. Selgrade seconded it. On roll call, the vote was AYES: Selgrade, White, Smith, Voigts. NAYS: None. Whereas the Chairperson declared the motion carried unanimously.

Voigts moved to approve Series Resolution 2022-042 authorizing and approving a Loan Agreement and providing for the issuance of taxable Communications Revenue Refunding Notes, Series 2022B and other documents related to the notes. White seconded it. On roll call, the vote was AYES: Selgrade, White, Smith, Voigts. NAYS: None. Whereas the Chairperson declared the motion carried unanimously.

White moved to approve Resolution 2022-044 setting a public hearing and letting dates for the Fiber 2022-NOFA7-Phase 1 project. Selgrade seconded it. In discussion, Kurt Ripperger explained the project and the timeline. On roll call, the vote was Selgrade, White, Smith, Voigts: None. NAYS: None. Whereas the Chairperson declared the motion carried unanimously.

Telecommunications Director Kurt Ripperger recommended payment in full to Murphy Tower Services. White moved to approve the Certificate of Final Completion of the Fiber Network Extension to Water Resource Recovery Facility Project and the issuance of a handwritten warrant for \$29,547.65 to Murphy Tower Services. Selgrade seconded it. On roll call, the vote was AYES: Selgrade, White, Smith, Voigts. NAYS: None. Whereas the Chairperson declared the motion carried unanimously.

#### **Communications Utility Informational Items**

Ripperger reported the fiber repairs on Boston and D Street have been completed; he recently met with OCIA to discuss the procedures and policies of the NOFA grants; and the department has planned community outreach during events to let people know of their services.

#### **Combined Electric, Water and Communications Action Items**

General Manager Des Planques reviewed the solar project background, proposed lease agreement and proposed purchase power agreement and recommended the Board approve both. He also shared the communication plans for this project. Raki Giannakouros, Sand Hills Energy, provided the timeline of the project and information on the solar modules that will be used.

White moved to approve the purchase power agreement with SE Municipal Iowa, LLC. Selgrade seconded it. On roll call, the vote was AYES: Selgrade, White, Smith, Voigts. NAYS: None. Whereas the Chairperson declared the motion carried unanimously.

Selgrade moved to approve a lease and easement agreement for solar energy system, and giving Des Planques the authority to finalize the legal description. White seconded it. On roll call, the vote was AYES: Selgrade, White, Smith, Voigts. NAYS: None. Whereas the Chairperson declared the motion carried unanimously.

#### **Combined Electric, Water and Communications Informational Items**

White moved to enter into closed session at 6:41 p.m. in accordance with Iowa Code Section 388.9(1) to discuss marketing and pricing strategies and proprietary information of the telecommunications division whose competitive position will be harmed by public disclosure that is not required of potential or actual competitors and no public purpose is served by such disclosure. Voigts seconded it. On roll call, the vote was AYES: Selgrade, White, Smith, Voigts. NAYS: None. Whereas the Chairperson declared the motion carried unanimously.

Voigts moved to exit the closed session at 7:04 p.m. and White seconded it. On roll call, the vote was AYES: Selgrade, White, Smith, Voigts. NAYS: None. Whereas the Chairperson declared the motion carried unanimously.

No action was taken on items discussed in the closed session.

**Adjourn**

The meeting was adjourned at 7:04 p.m. on a motion by White and seconded by Voigts. Question was called for and on voice vote the Chairperson declared the motion carried unanimously.

Indianola, IA 50125

RE: Construction of the Pella Fiber Transport Network West to IMU  
**Proceedings for Ordering Construction**

Dear Kurt:

Enclosed are proceedings with respect to the Indianola Municipal Utilities Board of Trustees' action setting a hearing on plans, specifications and form of contract and a date for the receiving of bids by the City of Pella for the above project.

As a first step in the contract procedure, the Board should proceed to adopt the resolution ordering construction of the work which covers the setting of a date for a hearing on plans and specifications and the receipt of bids.

The Board is required by law to:

1) hold a public hearing on the plans, specifications, form of contract and estimate of costs, and to publish a notice of the public hearing, in a newspaper published at least once weekly and having general circulation in the county, not less than four nor more than twenty clear days before the hearing; and

2) to **post** a notice to bidders once not less than **thirteen** nor more than forty-five clear days before the date for filing bids:

a) either on an internet site sponsored by the Utility or a statewide association that represents the Utility.

September 14, 2022

Page 2

An extra copy of the procedure is enclosed to be completed as the original and certified back to our office, together with a copy of the agenda, proof of publication of the notice of hearing and proof of posting of the notice to bidders.

If you have any questions concerning the above procedure, please contact me.

Sincerely,

AHLERS & COONEY, P.C.

**ITEM TO INCLUDE ON AGENDA**

**INDIANOLA MUNICIPAL UTILITIES**

- Resolution ordering construction of the Pella Fiber Transport Network West to IMU, and fixing a date for hearing thereon and taking of bids therefor.

NOTICE MUST BE GIVEN PURSUANT TO CHAPTER 21,  
CODE OF IOWA, AND THE LOCAL RULES OF THE  
GOVERNMENTAL BODY.

September 26, 2022

The Board of Trustees of the Indianola Municipal Utilities met in \_\_\_\_\_ session, in the Council Chambers, City Hall, 110 N. 1st St., Indianola, Iowa, at 5:30 P.M., on the above date. There were present Chairperson \_\_\_\_\_, in the chair, and the following named Board Members:

\_\_\_\_\_

Absent: \_\_\_\_\_

Vacant: \_\_\_\_\_

\* \* \* \* \*

Board Member \_\_\_\_\_ introduced the following Resolution entitled "RESOLUTION ORDERING CONSTRUCTION OF THE PELLA FIBER TRANSPORT NETWORK WEST TO IMU, AND FIXING A DATE FOR HEARING THEREON AND TAKING OF BIDS THEREFOR," and moved that the same be adopted. Board Member \_\_\_\_\_ seconded the motion to adopt. The roll was called, and the vote was:

AYES: \_\_\_\_\_

\_\_\_\_\_

NAYS: \_\_\_\_\_

Whereupon, the Chairperson declared the following Resolution duly adopted:

RESOLUTION ORDERING CONSTRUCTION OF THE PELLA  
FIBER TRANSPORT NETWORK WEST TO IMU, AND FIXING  
A DATE FOR HEARING THEREON AND TAKING OF BIDS  
THEREFOR

WHEREAS, it is deemed advisable and necessary to construct certain public improvements described in general as the Pella Fiber Transport Network West to IMU; and

WHEREAS, pursuant to a 28E Agreement for a Joint Public Improvement Project with the City of Pella, it is deemed beneficial to jointly undertake a public improvement project involving a fiber transport network between the City of Pella and the City of Indianola; and

WHEREAS, the City of Pella will serve as the lead agency for the Project and will enter into the construction contract for the Project; and

WHEREAS, the City of Pella and the Indianola Municipal Utilities have agreed to divide the actual construction costs of the Project; and

WHEREAS, the City of Pella has caused to be prepared plans, specifications and form of contract, together with estimate of cost, which are now on file in the office of the Pella City Clerk for public inspection, for the construction of the public improvements; and

WHEREAS, the plans, specifications and form of contract are deemed suitable for the making of the public improvements; and

WHEREAS, before the plans, specifications, form of contract and estimate of cost may be adopted, and a contract for the construction of the public improvements is entered into, it is necessary, pursuant to Chapter 26, Code of Iowa, to hold a public hearing and to advertise for bids:

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE INDIANOLA MUNICIPAL UTILITIES:

Section 1. That it is hereby determined that it is necessary and advisable to construct certain public improvements described in general as the Pella Fiber Transport Network West to IMU, in the manner set forth in the plans and specifications and form of contract, above referred to, the cost thereof to be paid in accordance with the provisions as set out in the posted Notice to Bidders and published Notice of Public Hearing; the public improvements being more generally described as follows:

The CONSTRUCTION OF PELLA FIBER TRANSPORT NETWORK WEST TO IMU project includes furnishing and installing all materials for the conduit network containing a fiber optic cable, and the testing of the spliced fiber optic cable. The network will result in a fiber optic connection between the City of Pella's Central Office (CO) and the CO of Indianola Municipal Utilities in Indianola, Iowa as detailed in the Plan Set. The network is to be constructed within public right-of-way.

The entire network cabled network is 42.6 miles in length. It consists of the installation of 206,080 feet of new conduit construction, with an additional 18,894 feet of operator owned conduit which will require fiber installation. The new conduit network installation consists of 102,979 feet of bored conduit (34,578 feet in urban environments and 68,401 feet in rural environments) and an additional 103,101 feet of rural plow/trenched conduit.

Section 2. That the amount of the bid security to accompany each bid shall be in an amount which shall conform to the provisions of the notice to bidders approved as a part of the specifications.

Section 3. That, pursuant to the 28E Agreement, the Board of Trustees delegates to the City of Pella, as lead agency for the project, posting a Notice to Bidders once in a relevant contractor plan room service with statewide circulation and a relevant construction lead generating service with statewide circulation and on an internet site sponsored by either the City of Pella or a statewide association that represents the City of Pella. In addition, the Secretary of the Board of Trustees is directed to post a Notice to Bidders once on an internet site sponsored either by the Indianola Municipal Utilities or a statewide association that represents the Indianola Municipal Utilities. Such postings shall be not less than thirteen clear days nor more than forty-five days prior to October 10, 2022, which is hereby fixed as the date for receiving bids. The bids are to be filed prior to 1:00 P.M., on such date.

Section 4. That, pursuant to the 28E Agreement, the Board of Trustees hereby delegates to the designated representative for the City of Pella, as determined by the City Council of the City of Pella, the duty of receiving, opening and tabulating bids for construction of the Project. Bids shall be received and opened as provided in the public notice and the results of the bids shall be considered at the meeting of this Board on October 24, 2022, at 5:30 P.M.

Section 5. That the Secretary of the Board of Trustees is hereby directed to publish notice of hearing once in a legal newspaper, printed wholly in the English language, published at least once weekly and having general circulation in the City of Indianola. Publication shall be not less than four clear days nor more than twenty days prior to the date hereinafter fixed as the date for a public hearing on the plans, specifications, form of contract and estimate of costs for the project, the hearing to be at 5:30 P.M. on October 24, 2022.

PASSED AND APPROVED this 26th day of September, 2022.

---

#### QUOTE TERMS AND CONDITIONS

1. This Quote is valid for 30 days
2. All prices are quoted in US Dollars
3. This Quote is subject to change based upon the results of a formal Site Survey. For example, Permitting, Mounting and Grounding Hardware, etc. and Services Labor may be adjusted upon completion of Site Survey.
4. Billing and Payment Terms: Follows Master Service Agreement (MSA) terms. If an executed MSA does not exist between t3 and Customer, the following payment terms apply:
  - a. 50% of all hardware is paid upon t3's receipt of Customer PO, with balance due upon delivery to Customer.
  - b. Relevant Services Labor, Shipping, Travel and Living expenses and any Applicable Taxes are due upon completion of project as described in the agreed Statement of Work.
  - c. Invoiced payments are due within (30) days of the invoice.
5. Shipping and Returns
  - a. All hardware shall be F.O.B. Origin unless otherwise noted. Title, ownership, risk of loss, risk of material obsolescence as well as risk of material market value decline shall pass to the Customer upon shipment. Upon receipt of a shipment of Hardware, Customer shall make careful inspection of the Hardware received and shall note on the bill of lading any claims that the shipment is not complete or that the Hardware is warped, bent, dented or otherwise damaged in any way. Customer shall use reasonable commercial efforts to notify t3 of any claims within forty-eight (48) hours of its receipt of the Hardware.
  - b. Hardware returns require prior written authorization from t3. t3 may approve or decline requests for Hardware returns at its sole discretion. Requests for return authorizations must be received by t3 within thirty (30) days of original shipment. When a return is authorized by t3, the returned Hardware must be unused and received within fifteen (15) days of the date the return material authorization (RMA) number is issued by t3. The RMA must be shipped prepaid to a destination of t3's choice and be in new and unused condition. All Hardware is subject to a restocking charge of 25% of the invoice price.
  - c. Shipping Terms as stated in MSA. If no valid MSA exists, shipping will be as follows: \$0 - \$50k = 3.5% total cost of invoice, \$> \$50k = 2.5% total cost of invoice. Pricing is for ground / freight shipping only and excludes additional costs for expedited shipping, oversized delivery or shipments outside the contiguous United States.

Chris DesPlanques, IMU General Manager

**From:** Courtney Silliman, Human Resources Director

**RE:** Safety Consultant Services Renewal

---

As the Board is aware, we recently discussed safety consultant services with our insurance renewal. Since that time, we have been working with our partners at IMU to ensure that we have the appropriate coverage at the best possible price. Since our insurance company pays the same brokerage fee regardless, and since we have received exceptional support from True North, and since we do not want to have a lapse in brokerage coverage, both City Staff and IMU Staff recommend this 1-year renewal. We respectfully request the council's consideration of renewing with True North during the interim.

TrueNorth provides the following services:

- Administers the monthly safety committee meetings, prepares agendas and minutes
- Conducts annual mock OSHA walk throughs
- Annually, reviews and updates as necessary, safety policies and programs
- Provides on-site safety training when requested. Additional safety training is provided through webinars by our workers' compensation insurance carrier, IMWCA.

Our current contract with TrueNorth expires 09/19/2022. Staff would like to renew the contract for another year 09/20/2022-09/19/2023. TrueNorth is proposing an hourly fee of \$150 per hour, plus mileage. The estimated time for services is currently 57 hours, for a total of \$8,550.00.

Some accomplishments of the safety committee, with TrueNorth's services include:

- Conducted monthly safety meetings
- Conducted onsite Mock OSHA walk throughs
- Executed quarterly safety and wellness campaigns
- Promoted available grants and assisted with grant applications

TrueNorth has done a great job with the City/IMU's safety program and recommend the partnership continue with TrueNorth for another year. Therefore, the safety committee is requesting your signature on the attached contract to continue services with TrueNorth through 09/20/2022-09/19/2023.

Indianola Municipal Utilities

**RESOLUTION 2022-**

**RESOLUTION AUTHORIZING AN AGREEMENT WITH WEINMAN INSURANCE/  
TRUENORTH COMPANIES, L.C. OF CEDAR RAPIDS, IOWA FOR RISK CONSULTATION SERVICES**

**WHEREAS**, the Indianola Municipal Utilities offers a comprehensive risk program for property and casualty and worker's compensation insurance coverage; and

**WHEREAS**, Weinman Insurance/TrueNorth Companies, L.C., has submitted a proposal for a one-year extension of their contract as attached; and

**WHEREAS**, the Board of Trustees deems it necessary to continue the comprehensive risk program for one-year with Weinman Insurance/TrueNorth Companies, L.C.

**NOW, THEREFORE, BE IT RESOLVED** by the Board of Trustees of the Indianola Municipal Utilities that the Chairman is authorized and directed to execute necessary documents with Weinman Insurance/TrueNorth Companies, L.C. and the City Clerk is authorized and directed to attest to the signature.

Passed and approved this 26<sup>th</sup> day of September 2022.

# Project summary

## Project summary

Korn Ferry appreciates the opportunity to partner with Indianola Utilities to ensure that your jobs are appropriately levelled relative to each other, that your pay structure is reasonable and consistent, and that your pay ranges are competitive with the markets in which you recruit talent.

### Current State/Drivers

- Competitive labor market
- Would like to ensure that current pay is market competitive and internally equitable for all positions

### Scope

- 22 employees, including the Executive Director
- Study to cover base compensation and total cash compensation

### Goals

- Validate all jobs and levels by utilizing a proven and legally defensible methodology
- Ensure market competitive pay ranges
- Ensure internal equity of pay practices

# Creating a foundation for growth and evolution

Our approach is to ensure Indianola Utilities reward strategy is designed in the context of your objectives, can scale with the organization as it grows or evolves, and can be connected to your people strategy.

## Business case for this work

### Optimizing the investment in your human capital

- 81% of Fortune magazine Most Admired companies have a consistent approach to job leveling and compensation management.
- Common programs reinforce alignment with the enterprise, and its culture, built on a consistent platform
- A common job architecture facilitates talent mobility and career development
- Provides clarity to employees on where their roles are in the structure
- Allows for more efficient use of market data and compensation resources expense
- Allows scope for pay progression within clear guardrails
- Protects against potential charges of pay inequity
- Reflects the value of the role or assignment according to your organizational priorities

# Detailed project steps

## Suggested project workflow

# Phase 1: Information collection

**The foundation of any successful project is understanding our client and their jobs. Indianola Utilities and Korn Ferry will partner on the following:**

## **Planning**

Korn Ferry will facilitate a meeting with Indianola Utilities by phone to:

- Review and approve project objectives and establish a project timeline
- Assign project accountabilities for both Indianola Utilities and Korn Ferry project teams
- Schedule meeting with leadership team to review/discuss all Indianola Utilities functions and jobs

## **Job documentation and information**

Indianola Utilities will provide all data necessary to complete the analyses:

- Employee compensation data and related compensation plan information
- Job descriptions, organizational charts and high-level financials

## **Organizational understanding meeting**

Korn Ferry will meet with Indianola Utilities' team for up to 2 hours. This meeting will serve to:

- Ensure our understanding of the overall business and functional areas
- Ensure our understating of roles, responsibilities, and reporting relationships
- Gain insight into past and current compensation practices, challenges and the attributes of the desired compensation program
- Discuss the labor market(s) in which Indianola Utilities competes for talent

## Phase 2: Job evaluation

**A critical step in this work is understanding each role and its relationship to other roles**

### Evaluate and rank order jobs

Using our proprietary and legally defensible method of job evaluation, we will evaluate and level-set all roles in scope – we have assumed 9 unique roles to be evaluated or slotted

- We will create an internal hierarchy of jobs and present to Indianola Utilities for approval, starting with the executive jobs, then benchmark positions, then the remaining benchmark positions are evaluated by the Indianola Utilities team
- Internal review and approval will be the responsibility of Indianola Utilities key stakeholders. Korn Ferry will provide guidance on how to present findings, discuss results and collect feedback from stakeholders
- Korn Ferry will make appropriate revisions to the role hierarchy based on feedback from Indianola Utilities (1 iteration of the job level structure)

### Korn Ferry Guide Chart – Profile Method of Job Evaluation

Korn Ferry's job evaluation methodology adds precision to market pricing, allowing us to measure and understand the value of work to Indianola Utilities

Methodology is based on 3 core factors: **Know How, Problem Solving, Accountability** (*additional information can be found in the appendix*)

The result will be a job hierarchy and job matrix which Indianola Utilities will have the opportunity to review, refine as needed, and approve

# What is the Korn Ferry (Hay Group) method of job evaluation?

## Know-How:

What is the depth and breadth of knowledge required of the job?

## Problem Solving:

How complex are the problems and challenges the job faces?

## Accountability:

What is the job's overall impact on the organization?

**Results allow us to perform a comprehensive comparison of roles vertically and horizontally:**

| Level | Finance and Accounting          | Human Resources                | Information Technology              |
|-------|---------------------------------|--------------------------------|-------------------------------------|
| 21    | VP of Tax                       |                                |                                     |
| 20    | VP Finance/Controller           | VP Human Resources             | Director of Enterprise Architecture |
|       | Director of Financial Reporting | Director of Human Resources    |                                     |
| 19    | Director of Accounting          | Director of Talent Acquisition |                                     |
|       | Director of Credit              | Director of Corporate Safety   | Director of Infrastructure          |
| 18    |                                 | Human Resources Manager        | Systems Programs Manager            |
| 17    | Director of Accounts Payable    |                                | Data Architect                      |
|       | Tax Manager                     | Safety Manager                 | Network Operations Manager          |

# Job levelling

Job evaluation is a systematic process for ranking jobs logically and fairly by comparing job against job or against a pre-determined scale to determine the relative importance of jobs to an organization. Job evaluation principles form the basis for:

- Clarifying organization structure and job accountabilities
- Ensuring that job groupings are appropriate for internal pay equity management
- Ensuring market comparisons and reward opportunities are based on job size
- Supporting multiple talent management applications as given below

## Phase 3: Market analysis

### Internal equity

- We will assess the degree of internal consistency and 'fairness' of current compensation practices
- Comparison of job size to base salary
- The expectation is that jobs of larger size are paid more than smaller jobs
- We will identify outliers and provide counsel on how to address

### External competitiveness

- We will analyze the competitiveness of the total compensation levels and mixes (i.e., fixed vs. variable pay, bonus vs. long-term incentives, incentive pay vs. benefits, etc.) of the positions in the study.
- Our comments will address fixed pay, variable pay, and detailed benefits relative to current trends in the U.S. marketplace
- We will also consider, and provide information on, differences in pay based on function and geography
- Market data will include data from the KF pay database, 990s of peer organizations, as well as other relevant published surveys from our library

### Compensation structure development

- Korn Ferry will develop a proposed base salary structure which balances fiscal responsibility, internal equity, and market competitiveness and that is aligned with Indianola Utilities' desired pay philosophy
- We will conduct a cost impact analysis that will identify the number (and cost) of employees paid below the recommended minimums and above the recommended maximums

# How will the analysis be conducted?

The results of the job evaluations link to market data:

We will correlate job size to pay to determine the level of internal equity...

...and compare job size to expected levels of pay in the market

## What might a structure look like?

The structure(s) will be built by job grade/level, using the results of the job evaluation and market analysis

| HRL | Range Minimum | New Range Midpoint | Range Maximum | Midpoint Progression |
|-----|---------------|--------------------|---------------|----------------------|
| 20  | \$127,093     | \$158,867          | \$190,640     | 18%                  |
| 19  | \$107,889     | \$134,861          | \$161,834     | 17%                  |
| 18  | \$92,294      | \$115,368          | \$138,442     | 16%                  |
| 17  | \$79,732      | \$99,665           | \$119,598     | 15%                  |
| 16  | \$69,047      | \$86,309           | \$103,570     | 15%                  |
| 15  | \$59,950      | \$74,938           | \$89,925      | 14%                  |
| 14  | \$52,863      | \$65,733           | \$78,879      | 13%                  |
| 13  | \$46,377      | \$57,971           | \$69,566      | 13%                  |
| 12  | \$40,890      | \$51,113           | \$61,335      | 14%                  |
| 11  | \$35,981      | \$44,976           | \$53,971      | 13%                  |
| 10  | \$31,938      | \$39,922           | \$47,907      | 12%                  |
| 9   | \$28,472      | \$35,590           | \$42,708      | 10%                  |
| 8   | \$25,873      | \$32,341           | \$38,810      | N/A                  |

Each job will be assigned a grade, each grade assigned a pay range

- Appropriate variations by location/function, if needed

The cost impact analysis will tell us if the structure is right for Indianola Utilities

- Employees falling outside respective pay range
- Impact on salary spend of employees outside respective pay range

| Summary of Data - Base Salary  |          |                               |             |
|--------------------------------|----------|-------------------------------|-------------|
| Incumbents Above Maximum       | 5        | Incumbents Below Minimum      | 16          |
| Sum of \$ Above Maximum        | \$39,973 | Sum of \$ Below Minimum       | \$2,137     |
| % of Payroll Above Maximum     | 1.2%     | % of Payroll Below Minimum    | .9%         |
| % of Incumbents Above Maximum  | 7.7%     | % of Incumbents Below Minimum | 24.6%       |
| Incumbents Between Min and Mid | 33       | Total Incumbents              | 65          |
| Incumbents Between Mid and Max | 11       | Total Payroll                 | \$3,413,473 |

# Project documentation

## Korn Ferry will provide the following project documentation

- Final job level hierarchy
- Tabular information illustrating internal equity and market competitiveness
- Summary statistics of data analyses (base salary, total annual cash, and total remuneration)
- Recommended base salary structure(s) and base salary ranges
- Cost impact analysis of our recommendations
- Recommended next steps/implementation
- Position relative to recommended base salary ranges
- Recommended target incentive opportunities

## Project summary

| Project phase                 | Korn Ferry activities                                                                                                                                                                                                                                      | Indianola Utilities activities                                                                                                                                                                                   |

### Scope, timing and fee estimate

Assumes 22 distinct jobs, including ED role

May include premiums with "hot skill" differentials

Estimated timing is approximately 12 weeks after receiving all needed data/information.

Estimated cost:

- Consulting and market data fees: \$18,400 based on scope and deliverables
- Administrative fees: 14% of consulting fees & market data
- Total: \$23,300
- Any direct out-of-pocket expenses including travel, lodging, and express are additional and billed at cost

### Korn Ferry deliverables

Final job level hierarchy

Tabular exhibits illustrating market competitiveness of both base salary and total annual cash (1 iteration)

Summary statistics of data analyses (1 iteration)

Recommended base salary structure(s) (1 iteration)

Cost impact analysis of recommendations (1 iteration)

Detailed data files

**Complimentary access to KF Pay participate module with market insights**

Add-on: KF Pay subscription for access to custom market data

# Job Evaluation

# Why should you evaluate jobs?

## Job evaluation principles form the basis for:

Clarifying organization structure and job accountabilities

Ensuring market comparisons and reward are based on organization established job content and size

Understanding the job-related skills, competencies, and key performance indicators necessary to ensure job incumbents are successful

### Work alignment

The power to align your people to deliver your business strategy

### Work value

The power to know the value of work and how it links to business performance

### Work fit

The power to create roles that unlock the potential of your people

### Work measurement

The power to understand how and where work is done

# What would you need to know to evaluate a job?

## Job purpose

Why does this job exist?

## End result expectation

What is the outcome expected? How is this position expected to achieve that end result?

## Budget

What is the magnitude of this job's responsibility? What is the job's role in setting and managing to and/or within that budget? How much latitude do they have to work within this budget?

## Reporting structure

Who does this job report to? Who reports to this job? What latitude to achieve an end result is permitted within this job?

# What would you need to know to evaluate a job?

## **Skills, experience and knowledge**

What does this job holder need to know in order to deliver upon the output expectations?

## **Degree of autonomy**

What governs the job holder's actions?

## **Geographic scope**

How far reaching is this position? Are there cultural nuances and/or sensitivities that increase the complexity of this job?

## **Nature and environment**

What is the nature and environment in which this job operates?

## **Creativity required in the job**

How creative can this job get and still produce the expected end results? Are there principles/policies/procedures, etc. that guide the job holder?

# Work measurement: a definition

Determining the value/level of work to the organization using measurement scales of common compensable factors

A process to measure the size of jobs against appropriate and consistent criteria

Focuses on the content of the job as currently designed and assume “competent” performance

Factors not considered:

- Individual qualifications, performance and longevity

- ✓ Work measurement is about jobs, not people

- Existing pay

- Existing titles

- External market

- ✓ Labor prices are determined by supply and demand

## Basic premise

The Korn Ferry Hay method uses three universal compensable elements to measure the relative size of jobs

## Work comparison process

Perceivable Difference in measured job content is proportionate to that which is being measured (based on Weber's law of just noticeable differences)

# Hierarchical step-difference

Perceivable 'step difference' is defined in Korn Ferry evaluation terms as a 15 percent progression in all of the charts and in overall scores.

Just noticeable difference = 1 step = 15%.

'Reality testing step differences'

# About Korn Ferry

## Unrivalled expertise delivered on a global scale

## Korn Ferry differentiators

**Global presence:** 8 of the world's 10 largest organizations use our job leveling method and two-thirds of the top 50. *It is the world's most used job evaluation process.*

**Global information:** The most extensive job evaluation and competency databases in the world and one of the most extensive total remuneration databases.

**Clients:** Many world class organizations, global chemical companies, and *Fortune Most Admired Companies* including Toyota, Caterpillar, Deere, Home Depot, Walmart, American Express, Target, P&G, Kraft, Mondelez, Heineken, Nestle, Unilever, PepsiCo, Siemens, Huntsman, Stryker, and FedEx.

**Research:** Korn Ferry partners with *Fortune* magazine to identify the publication's list of the 'World's Most Admired Companies'. We annually partner with *WorldatWork* and *Loyola University Chicago* to research common and best reward practices in a variety of areas. We also collaborate with *The Wall Street Journal* to survey CEO compensation annually and do an annual survey on best leadership practices around the globe.

**Statistical validity:** Our job leveling factors produce higher statistical correlations with pay levels vs. other measures.

**Legal validity:** Our job evaluation and reward methodologies have withstood client legal tests time and time again.

## Representative reward, job leveling and pay equity clients

# The global leader in job levelling

We take a holistic approach to solving your challenges with our end-to-end organizational and talent capabilities.

|                                                                                                                                                                                               |                                                                                                                                                                                                |                                                                                                                                                                                                                                                                   |                                                                                                                                                                |                                                                                                                 |                                                                                                                                                        |
